Department of Agriculture through the Agricultural Extension Centres on payment of the Cost of the seed as per the sale price fixed by the Department. The seeds supplied will have the Certification Tag issued by the Department of Seed Certification The farmers should follow the guidelines given by the field level functionaries / Seed Certification officers to maintain the Quality. The seed Farms should be registered by the Seed Producer viz., the Assistant Director of Agriculture of the respective Blocks on payment of the requisite fees On satisfactorily fulfillment of the field standard during the entire period of the crop, the produce will be declared fit at the field level. This produce is called the Field Run Produce This produce has to satisfy the standards of physical/ genetic purity, moisture levels and germination percentage as prescribed in the Certification standards The produce after inspection by the Seed Certification Officer and with due permission will be moved to the nearest Seed Processing Unit owned by the Department of Agriculture The farmer should bear the transport cost for the transport of the seed to the Seed Processing Unit. After moving the seed to the Seed Processing Unit, initially the farmer will be paid 90% of the Minimum Support Price as declared by the Civil Supplies Department The seeds will be processed in the Seed Processing Unit in the presence of the Seed Certification Officer. On completion of the processing, sample will be drawn by the Seed Certification Officer to test the quality. This sample will be sent to the concerned Seed Testing Lab for testing. The test results will be declared on completion of the testing at the Seed Testing Labs If the seed lot fails to confirm the standards, the farmer has to repay the entire advance paid to him / her in one installment before getting back the stock. On declaration of the results by the authorities as standard the produce will be considered as Seed material Now the farmer is entitled for full payment of the cost for seeds as per the Procurement price fixed for each crop and its class. The farmer will be paid the difference of cost between the full cost eligible and the amount of advance paid as 90%.
